

**General:**

With the Parkview set it is possible to mount aftermarket rear parking sensors of Laserline on an original radio- or navigation system of Alfa Romeo, Fiat, Ford, Seat, Skoda or Volkswagen.

On the display of the original radio a graphical image will be displayed of the parking sensor information.

\*See tab "compatibility"

**Features:**

- # Laserline PDC sensors NOT included
- # Optical display of Laserline PDC on the original radio display
- # CAN-BUS controlled
- # Original display of graphic car image
- # CE & TUV certified

Installation examples:

|         |                                                                                    |                                                                                    |                                                                                    |                                                                                     |

### The following will be supplied:

- Laserline PDC CAN-BUS interface Front
- Universal cable kit & adapter included
- Installation- and user manual
- Warranty
- Invoice

### Extra information:

- Check compatibility with your car before you order the interface at tab "Compatibility".
- Only suitable for sensors mounted in the rear bumper of the car.
- PDC option must be activated via Diagnostic (activation guidance manual included).

### Technical details:

#### UNIT:

- Rated: DC12V/24V
- Range of operating voltage: 30V ~ DC9.6V
- Standby Current: <100 mA
- Operating current: <200 mA
- Operating temperature: -25 ° C ~ 80 ° C

- Storage Temperature: -30 ° C ~ 85 ° C
- Frequency: 40KHz ± 2 KHz

### Compatibility:

Interface is suitable for the following parking sensors of Laserline:

**EPS4006D**

**EPS 404B**

### Remarks:

- About other radio systems we do not have test results
- Only suitable for car models as mentioned below
- PDC option must be activated via diagnosis (activation schedule included).
- Only in combination with OEM rear parking sensors

### Car models:

The interface is suitable for the following models in combination with OEM radio:

#### Alfa Romeo:

| Car  | Year        | Radio compatible    |
|------|-------------|---------------------|
| Mito | 2008 - 201> | Fiat Matrix Display |

#### Fiat:

| Car          | Year        | Radio compatible    |
|--------------|-------------|---------------------|
| Grande Punto | 2008 - 201> | Fiat Matrix Display |

#### Ford:

| Car         | Year        | Radio compatible |
|-------------|-------------|------------------|
| C-Max       | 2011 - 201> | All Models       |
| Focus       | 2011 - 201> | All Models       |
| Grand C Max | 2011 - 201> | All Models       |

**Peugeot**
