
DESCRIPTION

Allows easy installation of additional circuits without cutting, splicing or soldering.

Turns one fuse slot into two therefore providing individual protection for each circuit.

**Specifications**

Material: Plastic & Metal

Color: Red,Black,Blue

Voltage: 12V - 24V

Fuse Holder Size: 11 x 16mm

Circuit Size: 25 x 15 x 10mm

Max. current: 10A

Fuse type: ATO

Package

1 x Fuse Holder
